

Leveraging LaSalle Network: Securing Professional Coders for HIM Central Services Team

 Healthcare Provider

 50,000+ Employees

 Permanent Placements;
Mid-Cycle

Committed to fostering strong relationships with local communities and healthcare professionals to promote wellness and improve health outcomes for patients.

CHALLENGES

-  Growing demand for skilled medical coders in HIM Central Services
-  Needed to maintain high coding accuracy for efficient healthcare operations across hospitals

GOAL

-  Expand workforce with qualified coders to improve patient care and streamline administration

The company's coding leadership was thoroughly impressed by LaSalle and the placements made. This positive experience sparked a fruitful partnership, resulting in LaSalle successfully placing five highly qualified candidates on the professional side of coding.
