

# Staffing the Head of Cybersecurity at Global Asset Management Firm

- Chicago, IL, USA
- Financial Services
- Direct Hire

*The largest minority owned global asset management firm focusing on value investing, aiming to buy undervalued companies for the long term.*

## CHALLENGES

Struggled to find qualified talent as the applicant flow was historically low for the open role.

Seeked partnership with a trusted advisor who understood the role parameters as the position elevated from *Director of Cybersecurity* to *Head of Cybersecurity*.

## SOLUTIONS

Sourced a candidate within 45 days of role kickoff due to our network, reputation, and ability to tap into our extensive passive talent pool.

Kickoff to Offer

The client needed to fill their newly elevated Head of Cybersecurity position following the sudden resignation of the previous Director of Security. LaSalle was chosen for this project due to our successful track record and strong reputation with the client as a trusted advisor. Since filling this role, LaSalle has received 2 additional orders.
